

SCIENTIFIC EXCHANGE AGREEMENT BETWEEN
FACULTY OF SCIENCES, UNIVERSITY OF ANTIOQUIA, COLOMBIA
AND
INSTITUTE OF THEORETICAL PHYSICS, CHINESE ACADEMY OF SCIENCES,
CHINA

The Institute of Theoretical Physics, Chinese Academy of Sciences, China and The Faculty of Sciences, University of Antioquia, Colombia have reached the following agreement for promoting exchange programs on education and scientific research.

1. Both institutes make various efforts for realizing the following programs to promote scientific exchange between the two institutes:
 - 1.1. Exchange of scientists and graduate students.
 - 1.2. Exchange various materials related to scientific research and education.
 - 1.3. Executing cooperative research and organizing cooperative scientific meeting.
2. The above stated activities will be realized after discussion and mutual agreement between the two institutes.
3. This agreement can be revised under the discussion and the mutual agreement between the two institutes.
4. This agreement will be effective after the date of signature by the representatives of both institutes and it will be valid for five years. After the date of expiry, if there is no objection from any side, this agreement will be renewed automatically for another five years.
5. To abandon the agreement, it should be noticed to the other institute by a formal letter six months before expiry.

This agreement is written in English. Each side can make translation in its native language, but the English version is the only official one.
